# *For all mothers*

Father in heaven, you have given us mothers to guide us in life and to teach us the way to You.

Bless all mothers, both physical and spiritual, as they help us draw closer to You in this life, so that we might be together forever in the next life.

Reward them for all they do for us, their children, and be with them through any trials they might encounter.

We ask this through Christ, Our Lord.

AMEN.
