For mothers who are deceased

Heavenly Father, our life on earth is meant
as a time to know, love and serve You in
preparation for eternal life.

I ask that You now give eternal rest to my
mother, who has passed from this world.

Her care and love for her children while here
on earth was an image of the love You have
for all Your children.

May she be rewarded for living out that love
in what she said and did.

And may I one day be joined with her once
again in the Kingdom where You live and
reign forever and ever.

AMEN.
