For mothers who are infirmed

Gracious and loving God, I ask that you
be with my mother, who has grown
weary under the burden of age.

Free her from the cares and concerns of
this life and prepare her for the life
to come.

May I be a consolation and a help to her,
as she has been to me throughout my life.

May I love her with the same love she has
shown, and may I be an image of the love
You have for her and for all Your children.

Through Christ Our Lord.

AMEN.
